

Acknowledgements:

This resource pack was compiled in 2004 by Mary Hodson and Clare Reabow, two Occupational Therapists from the Paediatric Therapy Department in Swindon. Whilst it has been used in Swindon and East Wiltshire schools since this time, it is now being integrated into the rest of Wiltshire and Salisbury districts as a uniform resource.

Due to the success of SPARK an early years version (SPARKEY) has been devised by Vicki Easton, Occupational Therapist in Swindon. This is also being simultaneously introduced across Wiltshire and Salisbury.

We would like to acknowledge the following organisations for some of their information which has been integrated into this pack:

- West Dorset Children's Therapy Department, West Dorset General Hospitals NHS Trust, Dorchester
- Poole Hospital NHS Trust, Children's Therapy
- Leon Gillis Children's Unit, Children's Therapy Queen Mary's Hospital, Roehampton, London
- Sidney Chu MSc, SPOT, OTR – Professional Lead of Occupational Therapy Services, Ealing Rehabilitation Services, Ealing PCT
