

# All about Chloe

## Who am I?

My name is Chloe and I am a Trainee Educational Psychologist. I enjoy exploring new places, reading and playing netball. People would describe me as friendly, positive and organised.

## What do I do?

I work with children and young people and the adults who support them (teachers and parents) to discover what is working well at school and what is currently difficult. We will think about what positive changes are needed for you to feel happy and reach your potential at school.

## What is important to me?

It is important to me that you feel comfortable when working with me. You are able to ask me questions and tell me if you want to stop, or if you need to take a break. It is important to me that you are listened to and that you feel understood.

## What to expect when you meet me?

When I meet with you, we may talk about what you enjoy to do, what is important to you, and the things that you find tricky. We may also do some activities or play some games together. I might spend some time in your classroom or on the playground. You may also see me talking to the adults in school that support you. This will all help me to understand more about your learning and what we can do to make school better for you.

## How best to contact me?

You can get in touch with me if you have any questions, want to know more about me or want to know more about the work that we may do together. The best way to do this is by emailing [EPSenquiries@swindon.gov.uk](mailto:EPSenquiries@swindon.gov.uk). You can do this yourself, or you can ask an adult to do this for you.
