Our Vision

We want services that help people **live a good life.**

We can do this through our Commissioning strategy.
Commissioning means **buying services** for people who need **support.**

These services should give people **choice** and **power** over their lives.

	<p>This vision matches our wider Adult services Strategy 2024 – 2029.</p>

Integrated- We want to provide joined up services for **all ages**.

High Quality – Focus on good services that help people to have **‘Lives, Not Services.’**

Sustainable – We want long-term **good** social care services.
