

All about Amanda

Who am I?

Hi – I am Amanda and I work as an Educational Psychologist in Swindon. I am also a Mum to two little girls and I love spending time with my family outside and on holidays!

What do I do?

I really love my job as I get to meet and talk to children and young people about what's going on for them at school and at home. I also work closely with school staff and parents to help them make plans to support the children they care about. I visit lots of schools in Swindon.

What is important to me?

I do my job as I passionately believe that every young person has the right to be happy and successful at school, and I think the best way to do this is to listen to children and young people's voices as they are the experts!

What to expect when you meet me

I may come to see you at school or at home. I may spend some time seeing how you get on in the classroom, or if you feel comfortable to, we may go into another, quieter room together. If you're happy to talk to me, I may ask you some questions about how things are going and how they could be better. I may bring some activities with me for us to do together.

I hope you will enjoy the time we spend together. I will make sure I listen to you and keep you informed about what will happen next.
